"The beginning is always today." – Mary Shelley.

Dear Children, Parents and Teachers,
Warm greetings!
We are happy to welcome everyone 'Back to School' as we begin our new academic session 2026-2027. This year is going to be a wonderful opportunity for students to learn, explore, and grow through engaging activities, joyful learning experiences, and meaningful interactions with teachers and friends. The CBSE has also introduced new avenues which is incorporated in the curriculum of the different classes.
To share all this, there will be an Orientation session for both parents and students for the different classes on different days, and the details are given below.

UNIFORM/ATTIRE

We have a new uniform this academic year and our vendor is FORMOST. However, we **regret** to inform you that it is still under production due to various reasons. It will take some more time. Meanwhile, students may come in the old uniform and ID card. For those of you who do not have the old uniform, they can come in modest attire. Hair should be neatly tied/kept in place as per the specifications of the school. On rainy days, black ordinary (not branded) sandals can be worn.

STUDY TIME

As lessons begin, please ensure that your ward spends quality time to revise the day's portion. Each month-end will have short tests to assess the student's level of learning. Do ensure that your ward attends every day of class as one day's absence would disrupt continuity of lessons.

COMMUNICATION

The respective Class Teachers have started a WhatsApp group to share information. Kindly note all queries need to be sent personally to the teacher.

ENTAB

This facility is also available. Please note that all worksheets, project details and the like will be sent through Entab. A note will be posted in the class WhatsApp group to check notices in Entab.

WHAT'S NEW!

A Robotics lab is set up in school, to begin with, in the Computer lab. We have a session from the team by **We Guide** for a presentation on 'What is Robotics?' This session will be held on the different Orientation days. The facility is open to students of Classes III – IX and XI.

As part of skill development there are also rooms to hone the talent of students in sewing, painting, and other skills in motor development.
